John: thx for your report re the 3 way phone meeting; we'll raise your D- to C+ for sensing the need to "take account of the board's needs and slow down a bit....." etc.

I haven't talked with Chris yet but I'm sure she would have called me if she was bothered by anything from the 3 way and wanted me to jump into it; if she does call, I'll report back to you.

Re your staffing q'n: the only thing I'm sure of is, if I've been in that office 25 different times, NOT ONCE have I ever gotten the feeling that ANYONE was ever REALLY/TRULY balls out busy; change of some kind is in order but we should briefly discuss this via telephone when you come West again. js
